Good morning Jeff,

I verified your question. Yes, Baxter is controlling the back vents from all 7 sterilization chambers.

I can be available today to talk and/or answer any additional questions. Let me know avail time for you.

Thanks,

Rich

[EXTERNAL]
Richard,

Can you verify whether Baxter Mountain Home is or is not controlling back vent emissions as part of your or recent controls, or with existing controls? Please let me know if you have a few minutes to talk.
